President's Report

Social Security – Has been stop we still have to pay Medicare. We need to decide what we want that 7.5% that the town is no longer paying for social security by next meeting. We have a few options we can place that money into 457 plan or our retirement.

PEMP- Still fitting with the town they want all of the town employees to have the same benefits.

Medic- Got medic OT for classes and that will continue.

Honor guard- We get the department to budget for a set of bagpipes.

TRT- They said that there is no money but it will continue to be brought up every time till we get those guys some compensation.

Pay comparison- The town is in the process of selecting a company they should be awarded shortly. Chief Costello is going to allow Russell to sit on that with him. Also those moneys are already set aside.

OT- there is a lot of OT going around.

Move up positions- Trying to get move up pay but no money in the budget at this time.

Policies- Working on getting at least three a week complete. Working on getting the policies books at each station to have these rules.

Incident committee- Russell, Meece, Gompf these guys will review anything that happens before anything comes out.

701b – The town allowed the labor to go in and work out a deal which is great for us because they are starting to recognize the union.

Taso- Was found not guilty on all charges

New hire- Will start February 4. Russell kept the Union out of this process because he wasn't not given all information that he asked for.

Standards- We need to start our own standards we have an academy and we need to run all new hires through our academy. As a union we need to decide what the standards are going to be.
