

Dear Leader,

We find ourselves in difficult times. There is more need in Buckeye than ever before. The United Buckeye Firefighters Local 4311 and the Buckeye Fire Department has had an opportunity to be a part of the Rio Vista Center Thanksgiving dinner in Phoenix for the past four years. The last three years we have donated food boxes and turkeys to the food bank located here in Buckeye. This year we would like to duplicate the same Thanksgiving event. We would like to offer your organization a chance to partner with us to meet the needs here in Buckeye. Our goal is to feed 250 people and send 125 families home with a turkey and food box for their own dinner on Thanksgiving.

As we begin planning for this event, we want to ask you to consider what ways you can be involved.

- You can prepare side dishes.
- You can place a collection container at your facility for the food items needed for food boxes.
- You can help serve at the event.
- You can become a financial partner.
- You can provide dessert.
- You can help prepare the turkeys the day of the event.

Please consider joining us as a partner in order to most effectively serve our community. Please plan on attending a meeting on **September 23rd at Buckeye Fire Station 702 at 2:00 pm**. The station is located at 1911 S. Rainbow Rd. *Please RSVP McKenzie Hess by phone or email by September 21st.*

We are excited to meet the needs of our community and we know that with your help lives will be impacted and together we can provide help and hope! Please call or e-mail me if you have any questions or concerns.

Thank you,

McKenzie Hess
